

2022 Dawbarn Education Awards

Deadline: January 05 2022 at 11:59 PM EST (Midnight)

DESCRIPTION

In 1992, H. Dunlop “Buz” Dawbarn established a fund at the Community Foundation to improve education in his local community by providing cash awards to individuals who have most successfully inspired young people to set educational goals, encouraged them to reach their full potential, and fostered a lifelong appreciation of learning, in the public school systems of Staunton, Waynesboro, and Augusta County.

This year, ten remarkable individuals will be chosen from the public schools of Staunton, Waynesboro, and Augusta County, to honor with the distinction of being named a Dawbarn Education Award recipient and a \$10,000 cash award.

The Dawbarn Education Awards Committee selects those nominees who go above and beyond their formal job responsibilities to make a real and lasting impact on the life of a student.

Our Dawbarn Education Award recipients have included many teachers, but also guidance counselors, coaches, administrators, staff, custodians, volunteers, bus drivers, mentors, parents, and community leaders. Each recipient has made a real and lasting difference in the life of a student. They each achieve that objective in different ways. Our Award recipients don’t simply do their jobs very well, they go beyond what is expected of them. They enable students to see and reach their personal potential. They help them overcome personal obstacles. They inspire students to practice integrity and personal responsibility. They inspire others to do the same. And they do this not for honors or accolades, but to see each child have a real chance to succeed. Their extra effort, whether to help a struggling child gain the confidence to take one positive step at a time or to challenge a student to achieve far more than they could have ever imagined, affects our future for generations to come.

REQUIREMENTS

- Nominations may be submitted by any student, parent, supervisor, colleague, or other fellow resident of the community who knows the nominee’s contributions to the public school students of Staunton, Waynesboro and/or Augusta County.
- No less than 2 and no more than 4 recommendation letters are required. Include letters from those who have varying perspectives and experiences with the nominee.
- Not permitted: Self-nomination or nomination by a family member (spouse, children, parent, grandparent, sibling, aunt, or uncle.)

**Note: Individuals may be nominated and receive awards in consecutive years.

THE VALUES OF A DAWBARN EDUCATION AWARD RECIPIENT

Our Dawbarn Education Award recipients have included many teachers, but also guidance counselors, coaches, administrators, staff, custodians, volunteers, bus drivers, mentors, parents, and community leaders. Each recipient has made a real and lasting difference in the life of a student. They each achieve that objective in different ways.

Our Award recipients don't simply do their jobs very well, they go beyond what is expected of them. They enable students to see and reach their personal potential. They help them overcome personal obstacles. They inspire students to practice integrity and personal responsibility. They inspire others to do the same. And they do this not for honors or accolades, but to see each child have a real chance to succeed. Their extra effort, whether to help a struggling child gain the confidence to take one positive step at a time or to challenge a student to achieve far more than they could have ever imagined, affects our future for generations to come.

Please share HOW your nominee has gone above and beyond their formal job responsibilities. Specific stories or compelling moments that illustrate this are welcome.*

Max Number of Words: 500

Bearing in mind the values listed above, please describe the impact your nominee has had on the lives of students, the school, or the community. Please be as specific as possible. This could be academic impact or personal impact. (For example, while a bus driver isn't responsible for SOL performance, they are the first person to see most students each school day. As such, they could play an impactful role in setting the tone for how each day will go for students.)*

LETTERS OF RECOMMENDATION

Letters of Recommendation

Please arrange for 2-4 letters of recommendation to come from other individuals who can provide additional context or examples of how your nominee best reflects the Dawbarn Education Awards Values. Include letters from those who have varying perspectives and experiences with the nominee. For example, hearing from both a supervisor and a parent or student (if appropriate) gives our selection committee a deeper understanding of the nominee's impact.

Please note that the individuals you select to compose letters of recommendation will receive an automated email that references your name - but not the name of your nominee. When you recruit those individuals, ask them to watch for an email from Miriam Burrows of the Community Foundation. That automated email will contain a link for them to use when they are ready to attach their letter to this nomination. You are responsible for the completion of this request.

Incomplete nominations will not be considered. Please contact us if you or the individuals composing letters of recommendation have any questions or concerns. You will receive a confirmation email when those individuals have completed their letters of recommendation. You will need to provide recommender's name, email address, phone number, and their relationship to the nominee.
