# A Humble Life

Never doubt our community's capacity for generosity.

In late 2022, a transformational \$4 million gift came to the Community Foundation from a humble, retired civil servant who sought no personal recognition for his philanthropy. He didn't need to venture outside of our community to find joy. You would likely find him enjoying coffee with his buddies or admiring the trains passing through Staunton.

He chose to take care of the community he loved with this extremely gracious bequest, and he gave us the discretion to decide how best to accomplish that goal. This is a rare gift, but an example of the incredible altruism in our community, and we thank him dearly.

## How to Create a Charitable Fund

Your contributions, whether to existing funds, unrestricted donations, or new fund creations, are vital to our community impact and make you an integral part of our Foundation family!

### Give it a Name

The name of your fund can create a legacy, honor a loved one, or reflect your passion.

### Give it a Purpose

What matters most to you? Let's design a fund that achieves your goals.

### Give it Support

Offer tax-deductible gifts to your fund now or through your estate.

## a one million dollar agency fund

The Alliance for the Shenandoah Valley - a local nonprofit working to ensure the Valley's rural character, scenic beauty, clean water, and vibrant communities are protected - established an agency fund with the Community Foundation earlier this year.

"We were delighted to work with Dan Layman and the staff at the Community Foundation to create a Legacy Fund for the Alliance. Per the wishes of our donor, the fund will be administered in perpetuity to benefit our regional conservation mission, and we are reassured that the Community Foundation will be careful stewards of these resources."

- Kate Wofford, Executive Director

An agency fund is an endowment created for a nonprofit's charitable use which is comingled for investment purposes with over \$42 million already within the Community Foundation allowing it to participate in a large, diverse, and growing investment portfolio that is professionally managed and administered.

## The MaDee Project joins our programs

We have admired the wonderful work of The MaDee Project for many years, and we are thrilled that it joined our growing family as a charitable program within the Community Foundation in April 2022.

The MaDee Project was established to honor the memory of MaDee Nicole Boxler. MaDee battled pediatric cancer from 2008-2010 and it was her strong spirit that became the inspiration of this project.

Families that qualify for support from The MaDee Project receive quarterly payments to help them manage their finances and focus their attention on what really matters, the treatment of the child.

We remain committed to honoring MaDee's legacy by continuing to support local families and we welcome you to join us.

# Our Leadership

Community foundations are tax-exempt public charities that exist to improve the quality of life in the geographic region they serve. Individuals, families, businesses, and organizations create long-term charitable funds to help meet the community's needs. The foundation invests and administers these funds, and distributes grants, scholarships, and awards throughout the community each year.

There are approximately 900 community foundations in the United States. One of the most common characteristics of community foundations is a belief in the importance of accountability to local people.

The Community Foundation of the Central Blue Ridge serves Staunton, Waynesboro, and the counties of Augusta, Highland and Nelson. These are some of the many responsibilities of our dedicated Board of Directors.
